The following discussion took place:

#### Tournaments

Jack—

The settlement for the Atlanta regional is complete. We did not spend all of the money we could have spent. We came in under budget. We returned \$4,766 to the Mid Atlantic as excess. Overall, things went well. The Mid-Atlantic gave a \$10,000 advance. The total budget for the regional was between \$35,000 to \$36,000. We retained \$2000 for our regional for next year.

Bob

It is easy to spend money. The hotel gave us ice cream for (\$1,800). This brought a comment from Ina about the ice cream being late at night. It was pointed that the senior events and the 10:30—3pm events had their ice cream served to them separately, so all events were able to partake of the ice cream.

Also, a comment was made about the long line at the women's bathroom. It was stated that we could have been more generous with the chits.

#### Wednesday Night game

The game is running a low of 5-6 tables to a high of about 10 tables. However it was stated that the game is breaking even and in some instances it is making a few pennies. Bridge lessons and bridge lectures are still going on. There was some discussion to start the game early but nothing was done about this.

Unit 114—Dick Myers

Triple point games are not being run properly!

#### Money for the Nationals

The Nationals money is to be kept separate from all other monies. It was stated that the Unit is responsible for all money being held between Nationals. Dick asked that we be advised as to how all monies are invested.
